Doc, you don't just walk into a store and ask for plutonium. Did you rip this off? Can't be. This is nuts. Aw, c'mon. I, I don't know. Huh? No no no this sucker's electrical, but I need a nuclear reaction to generate the one point twenty-one gigawatts of electricity.

Who, who? Right about here. Jennifer. Right, gimme a Pepsi free. Listen, Doc, you know there's something I haven't told you about the night we made that tape.

Next, please. Are those my clocks I hear? Yeah well, I saw it on a rerun.

Doc, she's beautiful. She's crazy about me. Look at this, look what she wrote me, Doc. That says it all. Doc, you're my only hope. I'll call you tonight.

Yeah well look, Marvin, Marvin, you gotta play. See that's where they kiss for the first time on the dance floor. And if there's no music, they can't dance, and if they can't dance, they can't kiss, and if they can't kiss, they can't fall in love and I'm history. Hello, hello, anybody home? Think, McFly, think. I gotta have time to get them re-typed. Do you realize what would happen if I hand in my reports in your handwriting. I'll get fired. You wouldn't

want that to happen would you? Would you? About how far ahead are you going? That's a great idea. I'd love to park. No, Marty, we've already agreed that having information about the future could be extremely dangerous. Even if your intentions are good, they could backfire drastically. Whatever you've got to tell me I'll find out through the natural course of time. Hello, hello, anybody home? Think, McFly, think. I gotta have time to get them re-typed. Do you realize what would happen if I hand in my reports in your handwriting. I'll get fired. You wouldn't want that to happen would you? Would you? Over there, on my hope chest. I've never seen purple underwear before, Calvin. No, it was The Enchantment Under The Sea Dance. Our first date. It was the night of that terrible thunderstorm, remember George? Your father kissed me for the very first time on that dance floor. It

was then I realized I was going to spend the rest of my life with him. You okay, is everything alright? Okay, that's enough. Now stop the microphone. I'm sorry fellas. I'm afraid you're just too darn loud. Next, please. Where's the next group, please.

Doc, is that a de- Ronald Reagon, the actor? Then who's vice president, Jerry Lewis? I suppose Jane Wymann is the first lady. Look me up when you get there, guess I'll be about 47. I think you got the wrong car, McFly. Uh no, not hard at all. So anyway, George, now Lorraine, she really likes you. She told me to tell you that she wants you to ask her to the Enchantment Under The Sea Dance.

McFly. Yeah but George, Lorraine wants to go with you. Give her a break.

Yeah well, you shouldn't drink. Something wrong with the starter, so I hid it. Just finishing up the second coat now. Aw yeah, everything is great. Hey man, look at Marvin's hand. He can't play with his hands like that, and we can't play without him. This sounds pretty heavy. George, help me, please.

Marty you gotta come back with me. Uh, no, no, no, no. What are you looking at, butt-head? Aw yeah, everything is great. I noticed you band is on the roster for dance auditions after school today. Why even bother Mcfly, you haven't got a chance, you're too much like your own man. No McFly ever amounted to anything in the history of Hill Valley. Are you okay?

Now, Biff, um, can I assume that your insurance is gonna pay for the damage? This Saturday night, mostly clear, with some scattered clouds. Lows in the upper forties. Hey guys, you gotta get back in there and finish the dance. Ho, you mean you're gonna touch her on her- Now, Biff, um, can I assume that your insurance is gonna pay for the damage? Uh, well, I haven't finished those up yet, but you know I figured since they weren't due till- Ahh. A block passed Maple, that's John F. Kennedy Drive. Thanks. Doc, she's beautiful.

She's crazy about me. Look at this, look what she wrote me, Doc. That says it all. Doc, you're my only hope. Give me a hand, Lorenzo. Ow, dammit, man, I sliced my hand. Nah, I just don't think I'm cut out for music. Well gee, I don't know. Hi. Listen, Doc, you know there's something I haven't told you about the night we made that tape. No, Biff, you leave her alone. C'mon, c'mon let's go. Working. Yeah well, I saw it on a rerun. Oh, no no no, I never uh, I never let anybody read my stories. A block passed Maple, that's John F. Kennedy Drive. Without any sugar. I need fuel.

Go ahead, quick, get in the car. See, there's Biff out there waxing it right now. Now, Biff, I wanna make sure that we get two coats of wax this time, not just one. Who? Marty, one rejection isn't the end of the world. Maybe you were adopted. Ah. Well, ma, we talked about this, we're not gonna go to the lake, the car's wrecked. Yeah.
